Health & Safety Policy

As the Director of The Apple Tree Preschool, I have set a personal and official policy to make every effort to protect the health & safety of our employees. Our team at The Apple Tree Preschool is committed to preventing occupational illness and injury in the workplace. Our goal is to provide a zero-incident culture. We ask you to join us in this resolve.

All management, supervisors and teachers must accept responsibility for the prevention of accidents in the work they direct. We are all responsible to prevent illness, injury or property damage and to work safely. We all must follow safe work practices and procedures as set out in the Occupational Health & Safety Act, and all other applicable legislation in the province and the safe working procedures outlined by The Apple Tree Preschool.

We ask that all of us work together to conform to the regulations, to promote safety, to participate in The Apple Tree Preschool safety programs and to comply with rules & procedures to help ensure the health and well-being of all the staff at The Apple Tree Preschool.

Safety is in the best interest of us all. Safety is good business.

Marcy Cowan

Director

I have read, understand and comply with this policy.
